**Meeting Announcement and Agenda**

Announcement Date: March 14, 2007

Date of Meeting: March 26, 2007

Time: 8:30 AM until Noon (May be extended at Executive Officer's discretion)

Location: Resources Building
Auditorium (1st Floor)
1416 9th St.
Sacramento, CA

Subject: The Executive Officer of the Board of Forestry and Fire Protection will conduct a workshop to review and consider a proposal to harmonize existing Board rules with the requirements for incidental take authorization pursuant to Fish and Game Code Section 2112. The Department of Fish and Game and the Department of Forestry and Fire Protection developed regulatory language to effectuate the integration the Board's rules with Fish and Game Code Section 2112. This language has received several modifications since its inception. The latest version is "Strawman v6", and will be the basis for the discussion and comments.

The purpose of this meeting is to meet with interested parties to consider comments on the regulatory language and construction. The Board staff will respond to comments and utilize the input received to develop potential regulatory language for 45 day notice for rulemaking.

All interested persons are strongly encouraged to submit written comments by March 21st to facilitate discussion of this topic. See "Contact Person" for information on where to submit comments.

This meeting is being conducted by Board staff. Board members may present to observe, and in sufficient numbers to comprise a quorum, but no action will be taken by the Board.
