Re: Protection of Habitable Structures Exemption, 2015

Dear Chairman Gillless:

The California Department of Forestry and Fire Protection (CAL FIRE) has reviewed the proposed regulation language included in the 45-day notice published on July 10, 2015, for the Protection of Habitable Structures Exemption, 2015. CAL FIRE supports the proposed regulation that was authorized through Assembly Bill (AB) 1867 under the Public Resources Code (PRC) Section 4584.

Thank you for providing the Department an opportunity to comment on this important rule package. A representative from CAL FIRE will be at the hearing should any questions arise related to these proposed regulations.

Sincerely,

DUANE SHINTAKU
Deputy Director
Resource Management
